Professional Korean Product

MADE IN KOREA

Detailed Description Beads Max FINE 1ml x 1- HA Dermal Filler

Beads Max™ FINE is a Korean injectable dermal filler (DVS / Mono-phasic Type) that applies the unique technology of creating a semi-solid state gel of Hyaluronic Acid and increasing longevity (long-lasting) effect, safety and removability (safe & removable)

in order to produce the most ideal product. It offers a temporary improvement for the facial wrinkles of adult through physical recovery by injecting bridging hyaluronic acid, including lidocaine (Beads Max™ 1ml), into the skin.

Beads Max™ fillers are professional Korean products, proven for their safety and high quality. The key to the uniqueness of these fillers is the manufacturing method that follows a 3-stage cross-linked technology (MCL), which leads to a long-lasting effect.
