Professional Korean Cosmetic Product

Detailed description O2 Snow Bubble Activator 150ml

An ideal daily face cleanser for all skin types! Deep cleaning with gentle "snow" bubbles.

Radiant, polished, and smoothed skin in a few minutes!

O2 Snow Bubble Activator is a cleanser that as soon as its gel-type liquid touches the skin, it turns into a foam and activates its anti-aging and anti-inflammatory agents.

This cleanser with natural fruit extracts removes deeply and gently dead skin cells and sebum and unclogs pores. It cleanses without over drying while leaving skin soft and hydrated.

*HYPOALLERGENIC • SYNTHETIC FRAGRANCE FREE • DERMATOLOGIST-TESTED • PARABEN FREE
